

Assistance for employers to help sort through child care options that may be feasible for their company is available from Child Care Resource and Referral. CCR&R can:

- Provide statistical data on the current supply and demand of child care in a given area.
- Provide information on average child care costs.
- Provide education on components of a quality child care program.
- Provide employer resource and referral for child care.
- Be contracted with to conduct a needs assessment survey of employees.
- Share information on specific state requirements for child care programs.
- Assist with budget projections for child care options.
- Provide resources on child care center administration.
- Communicate with existing child care programs on behalf of an employer.
- Coordinate workplace seminars or child care fairs.
