Immunization Requirements  
2010  
Immunizations Required**

Vaccine Type	Minimum Number of Doses Required Per Age						
	2-3 Months	4-5 Months	6-7 Months	8-11 Months	12-17 Months	18-24 Months	4-6 Years
<b>DTaP/DTP/DT</b> (Diphtheria-Tetanus-Pertussis)	1	2	3	3	4	4	4 or more*
<b>HAV</b> (Hepatitis A)	0	0	0	0	1	2	0
<b>Hib<sup>§</sup></b> ( <i>Haemophilus influenzae</i> type b)	1	2	2 or 3	2 or 3	3 or 4	3 or 4	3 or 4
<b>IPV</b> (Polio)	1	2	3	3	3	3	4 <sup>†</sup>
<b>MMR</b> (Measles-Mumps-Rubella)	0	0	0	0	1	1	2
<b>PCV7<sup>¶</sup></b> (Pneumococcal)	1	2	3	3	4	4	4
<b>Rotavirus<sup>#</sup></b>	1	2	3 <sup>¥</sup>	0	0	0	0
<b>Varicella<sup>£</sup></b> (Chickenpox)	0	0	0	0	1	1	2

\* One dose must have been given on or after the 4th birthday.

§ If a child receives immunizations late, fewer doses may be required. Contact your local public health unit or the North Dakota Department of Health to determine the appropriate number of doses. Children age 5 and older are exempt from the Hib requirement.

† One dose must have been given on or after the 4th birthday. The final dose in the series should be administered on or after the fourth birthday and at least 6 months following the previous dose. If 4 doses are administered prior to age 4 years a fifth dose should be administered at age 4 through 6 years.

¶ If a child receives immunizations late, fewer doses may be required. Contact your local public health unit or the North Dakota Department of Health to determine the appropriate number of doses. Children age 5 and older are exempt from the PCV7 requirement.

# Children who do not receive the first dose by 15 weeks of age can no longer receive this vaccine and are exempt from the Rotavirus requirement. Children ages 8 months and older are exempt from the rotavirus vaccination requirement.

¥ Rotavirus vaccine may be given as a 2 or 3 dose series depending on the brand of vaccine. The third dose of rotavirus vaccine may not be necessary depending on the brand of rotavirus vaccine given.

£ Children with a reliable history of chickenpox disease are exempt from the varicella requirement.

### Exemptions

Children may be exempt from immunization requirements for the following reasons:

- **Medical Exemption:** Requires a certificate from a licensed physician stating that the physical condition of the child is such that immunization would endanger the life or health of the child.
- **History of Chickenpox Disease:** Requires a certificate signed by the parent or guardian stating that the child has a history of chickenpox disease.
- **Philosophical, Moral or Religious Belief Exemption:** Requires a certificate signed by the parent or guardian whose sincerely held philosophical, moral or religious belief is opposed to such immunization.
